

United States District Court for the District of Vermont
Re: NE Dairy Settlement Communication
11 Elmwood Avenue
Burlington, VT 05401

Dear United States District Court for the District of Vermont:

I want to thank you for denying the previous settlement of 50 million.

We want to be clear that this NE case is not about the money, rather justice to be served so that we as dairy farmers have a chance at a future. This is about the "books" being opened in a trial. DFA can keep the money.

Our very own current counsel does not see it this way. How are we as class to have any confidence that justice will be served if all our counsel seeks is to settle? Unlike dairy farmers, for them it is about the money.

It is for this very reason I strongly encourage you to grant the wishes of thousands of dairy farmers and remove counsel, allowing the class to seek our own counsel who "think like farmers".

Are you ready for this?

I visited for one hour this morning with this farmer who was harassed by his milk inspector (5-13-15) for being one of the 16 farmers to sign requesting the denial of settlement. This Dairyman walked in my farm milk house while I was washing the milkers just this morning.

He was ready to write down a statement right there...but like an idiot I kept talking. He had the pen and paper in his hand. He was ready to write a simple question to the Judge asking why he was approached by Gary Ober his milk inspector on this issue.

Apparently he had gotten "cold feet" because he handed the blank piece of paper back as well as the pen. He is very concerned DFA may alter his milk testing in retaliation resulting in losing his market.

His comment to me was, "Well I have until June 1st...I want to sleep on it and talk with my wife. She is even more cautious than I am".

Jonathan, Let the Judge know about this. I will speak as a witness to his testimony if nothing else. My goal is to have in my hand on June 1st his written statement. I will hand deliver this to you.

For now here are the 50 plus farmers who agree with us in seeking new counsel.

Thank you - we're putting all this together for mailing right now. And don't worry about not having that statement right away. Just imagine something like that in front of a jury soon - with counsel who are not afraid to use it!

Will be in touch.

Joshua
